

SP-1 Closet “Bar”

The SP-1 Closet Bar minimizes the risk of self-harm for facilities that choose to use clothes hangers.

Note: The number of clothes hangers provided to the patient should be limited such that a tie around a grouping of several hangers will not support a dangerous weight. Cardboard hangers are available at www.becothings.com.

Specifications

- **Dimensions:** 3" height x 4" depth (2" top piece) x 6' or 8' length. (Lengths must be cut to custom fit each installation.)
