

SP-15 Soap/Sanitizer Dispenser

The SP-15 is the beautifully designed and robustly constructed ligature-resistant Symmetry Resilient Dispenser. It is available with gray or light blue levers, so one color can be used for soap and the other for hand sanitizer to support your hygiene program. Ligature-resistance is achieved through the sloped and rounded shape, a tight fit between the dispenser cover and flanged backplate with a compression latch barrel lock, and a recessed dispensing opening. The mechanical pump, hermetically-sealed refill bags, and patented drip-free design ensure easy, neat, and battery-free operation and maintenance.

SP-15-B

SP-15-G

Specifications

- **Dimensions:** 12" height x 6-1/8" width x 4-3/8" depth
- **Material:** Die cast aluminum (except lock and lever)
- **Finish:**
 - White anti-microbial powder coat is ASTM B117 compliant (for wet environments like showers)
 - Choice of blue lever (SP-15-B) and gray lever (SP-15-G)
- **Ligature-Resistance Features:**
 - Sloped and rounded design, including pitched levers
 - Flush wall mounting with concealed screws
 - Compression latch barrel lock creates gap-free seal between the hinged dispenser cover and flanged backplate
 - Dispensing opening is small and recessed to prevent access
- **Soap/Sanitizer (not Included):**
 - Packaged in hermetically sealed bags (no spills or contamination)
 - Refill bags have integral pump and nozzle
 - 3 options for soap and 3 options for sanitizer are available
 - Symmetry Green Certified Foaming Hand Wash 1000 ml
 - Symmetry Green Certified Foaming Hand Wash Unscented 1000 ml
 - Symmetry Green Certified Foaming Hair, Hand & Body Wash 1000 ml
 - Symmetry Non-Alcohol Foaming Hand Sanitizer 1000 ml
 - Symmetry Foaming Hand Sanitizer 1000 ml
 - Symmetry Foaming Hand Sanitizer Fragrance-Free 1000 ml
- **Operation:**
 - Mechanical pumping – no batteries, no combustion risk
 - 99% evacuation rate gets the most out of each 1000 mL bag
 - No drips due to patented bellows
- **Installation:** Surface mounted. Requires five #12 pan head screws for attachment to the wall (screws not included).
